

Access a simple, flexible payment platform with Certegy's Virtual Terminal

Virtual Terminal is a web-based solution which lets you easily and safely process your customer's check and ACH transactions from any device - laptop, tablet, mobile.

Faster and safer ACH & check payment processing

All Virtual Terminal transactions are reviewed and verified in real-time with Certegy's comprehensive risk assessment platform, significantly reducing risk.

Tap into the power of Virtual Terminal

Take advantage of Certegy's Warranty program, which guarantees full reimbursement for the face value of ACH transactions that are returned unpaid.

Retail check & ACH verification: Double the speed of paper

With Certegy's Warranty option, 100% of authorizations are guaranteed. Merchants are funded next-banking-day, eliminating the need for costly collections.

Buy Now, Pay Later: Supercharge your sales with installments

Let your customers pay for their purchase in multiple installments. Virtual Terminal provides easy, integrated access to Certegy's Buy Now, Pay Later solution.

MobilePay: Process payments wherever your customers are

With Virtual Terminal, on-the-go service providers can capture a check image and deposit remotely. Delivering freedom for merchants and choices for customers.

Designed with your industry in mind: Personal and Home Services, Automotive, Retail and more
